Dear Mr Smith

Proposed Commercial Fishing Ban – Marlborough Sounds

We last wrote to you on the above matter in October 2014.

As you may recall the purpose of writing to you at that time was to fully endorse and support the Prime Minister's announcement reported on 7 September 2014 as to the proposed creation of two new recreational fishing parks – one in the Marlborough Sounds. In our letter we made it clear that the Association strongly supported this excellent initiative for a number of reasons.

There was also a suggestion that a discussion paper would be prepared some time in 2014. To date we have not seen any sign of that or indeed any further indication that this excellent suggestion was being progressed.

At our recent AGM a number of our Members referred to this announcement, noted that they had seen this as a significant inducement in the run up to the election and wanted to know of progress.

Accordingly, we would be grateful if you could inform us as to progress on this matter.

We would also welcome the opportunity to have a meeting with you when your schedule allows.

Yours sincerely

Ross Withell
